- Define a passion
- Construct questions to drive research
- Link content to history
- Find evidence to back up research
- Cite evidence in correct format
- Create an engaging presentation to showcase passion

8th Grade Choice Careers

“What do you want to be when you grow up?” is a common question students are asked. Many times, he or she may not have a clear answer. Although dreams and aspirations change, it is important for students to begin really thinking about possible career paths. 8th grade students have been researching various careers using Career Cruising since grade 6. For this culminating project students:

- Completed a career inventory & chose top 3 careers
- Researched and cited evidence to showcase their career choices.
- Wrote letters or interviewed individuals who work in their chosen fields.
- Practiced speaking skills to further explain possible career choices.
- Created an engaging presentation to showcase careers

Hopefully, all of the knowledge will assist them in choosing what they might want to be in the future or at least get them thinking about what it takes to make their dreams a reality!
